Submit Review

You **must** answer all **required** questions and click on **Submit** in order to complete your reviewing. Once you submit your reviews, you can edit it later (if allowed by the chair).

Save Draft

You can use Save Draft functionality to save *possibly incomplete* reviews to the system.

- You can save drafts without answering required questions. The drafts are *for your use only* and are not made available to anyone else including chairs.
- By default, any changes to the review are automatically saved as draft every 2 minutes. If you do not want your current changes to be saved as draft please unselect the checkbox below:
☒ Automatically save review draft every 2 minutes.

Offline Reviewing

You can use [offline reviewing](#) if you expect the review submission to take a few hours.
